

**REMARKS**

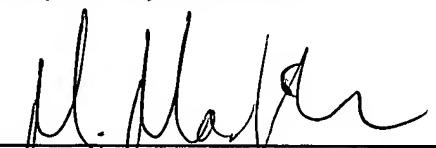

Claims 1-55 are now pending in the application. In this paper, Claim 25 has been amended for the Examiner's consideration and Claims 50-55 have been added. In Applicants' previous submission, Claim 1 was amended and Claim 49 was added. Applicants note that Claim 49 was not properly underlined in the previous submission.

Claim 25 has been amended to correct an antecedent basis error. Claims 50-55 have been added to cover subject matter patentee had the right to claim in the patent and is supported by the specification at Col. 7, Ins. 29-55, among other parts of the specification and drawings, including originally issued Claim 25. Claim 50 is based on original Claim 1, but has been narrowed to more broadly claim other features of the invention.

The above statement of status/support for changes to the claims in state meets Applicants' obligations under 37 CFR 1.173(c).

Prompt and favorable consideration of this amendment is respectfully requested. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,

By:
